J. W. RAWLES IS SERIOUSLY SICK

Anderson Valley Rancher In A Critical Condition

(Special Correspondence of The Press)

BOONVILLE, Nov. 11.—S. E. Fitch returned recently from San Francisco. He was accompanied down by T. J. Roseman, who has been a guest at the Fitch home the past two weeks.

C. A. Tarwater and K. B. Wallach enjoyed a fishing trip on the coast recently.

Has Been Ill.

Mrs. W. J. Fowler returned from Los Angeles last week, her uncle, W. T. Bills, bringing her up. Mrs. Fowler has been in the southern city the past month for medical treatment.

Mr. and Mrs. W. L. St. John motored to Richmond last week. Mr. St. John returned the following morning, but his wife remained to be with their daughter, Mrs. Fred Sietten, who underwent a slight operation.

Students Were Hosts.

A very pleasant evening was enjoyed by all who attended the Hallowe'en dance given by the high school. The auditorium was decorated in a fitting manner with cornstalks, pumpkin and black and orange crepe. The music was excellent and the students served a midnight supper.

J. W. Rawles Ill.

Norris Rawles, of San Francisco, is here to be with his father, J. W. Rawles, who is seriously sick. Mr. Rawles is being cared for by his daughter, Miss Geraldine, who was graduated this summer from the French Hospital. Miss Rawles gave up a place in Santa Rosa to be able to care for her father.

To Hold Services.

Rev. Hedgpeth has announced a joint Thanksgiving service to be held at 10:30 Thanksgiving morning. The schools of the valley will join in the number for the program and everyone is invited to attend.

Wants P. T. A. Organized.

D. T. McCarthy, principal of the high school, called a meeting of the parents for the purpose of organizing a parent-teacher group for Friday evening of last week, but not enough parents responded. It is to be hoped the matter will be brought up again and the grammar school parents will be included. One reason a better showing was not made was notices were mailed such a short time before the date of the meeting many could not adjust their plans to attend.

Miss Katherine Prather passed the week-end in Redwood City. She motored down with friends.

Orval Tolfo, of Ukiah, was a business visitor in Anderson Valley last week.

W. H. Clay passed several days in San Francisco recently with his daughter, Mrs. F. W. Frye, who is at St. Mary's Hospital.

Is In Texas.

Mrs. A. N. Rawles, who is visiting her son, Wesley Rawles in Tyler, Texas, writes she enjoyed a pleasant journey. This was her first trip to Texas.

Coss Adams is home for a three weeks' vacation with his parents, Mr. and Mrs. B. J. Adams.

Start Was Delayed.

Road contractors were reported to have commenced work on the road through Boonville last week, but this seems to have been a false report as they have not begun the work yet.

Are To Move.

The Ralph Harrington family planned to move into the new house on the state lot last week, but had to wait until it was accepted by the state.

The Last Survivor.

The honor of being the last Cloverdale survivor of the Civil War belongs to A. M. Ornbaun instead of Frank T. Powell, who died at Cloverdale last week. Not only is Mr. Ornbaun the last survivor but he looks well and strong enough to survive many more years notwithstanding he is now in his eighty-fifth year. He is as active and well preserved as many men 20 or 30 years his junior. Mr. Ornbaun, who was by trade a harness maker, as a lad of 16 enlisted in the Tenth Illinois Regiment at the age of 18 and served until the end of the war. He has been a resident of California since 1873. In that year he bought a ranch near Yorkville and then went back to Indiana to sell out there and get his family. A financial panic broke suddenly that fall and delayed sale of his property and his return to California until the spring of 1874.

CAMELS are FRESH

in nature's own mild way!

EVERYONE knows now that Camels are the *fresh* cigarette.

If inquiry went deeper, it would reveal that Camels are the *natural* moisture cigarette.

That's important, because in handling fine tobaccos, when you process out natural moisture, you sacrifice freshness and flavor too.

Camel smokers needn't worry about that, because Camels are blended of fine Turkish and mild Domestic tobaccos that are never subjected to violent processing. They need no parching or toasting to make them smooth, palatable, cool.

That's why the Camel Humidor Pack is such a boon to Camel smokers—it preserves the *freshness*, flavor, natural moisture, fragrance that are in this fine cigarette to start with.

Camels are *fresh* in nature's own mild way, and if you want to see what that means in unalloyed smoke-enjoyment, switch to them for just one day—then leave them, if you can!

RAIL VICTIM IS A HOPLAND MAN

Dick Cruze, Crushed Under N. W. P. Engine, Identified

(Special Correspondence of The Press)

HOPLAND, Nov. 10.—A gruesome tale of stumbling on Indians to death was revealed here Wednesday night by the passengers on the Northwestern Pacific train.

Was Long On Track.

The Indian was little more than the rubbish in the roadway. It was thought at first that the Indian was drunk and had fallen asleep on the track. Later it was learned the Indian was Dick Cruze, aged about 60. He was believed to have been sleeping too intoxicated to move when the train came down upon him. No blame is charged to the train crew.

Lived In Hopland.

Special Agent H. O. Peters, who has been working on the case, later ascertained the home of the unfortunate man was at Hopland and that the dead man left a wife and child here. Dick Cruze was well known here and had lived in this section a number of years. He had worked on different ranches in the Sanel and Ukiah valleys.

Accident Regretted.

Hoplanders regret the accident which befell Mrs. Ray Miller last week near this city, when Mrs. Miller's car was badly wrecked and she sustained a broken arm.

Lost Hop Kiln.

Last week a fire of undetermined origin destroyed the hop kiln and contents on the ranch of Chas. Jones. Volunteer firefighters saved a portion of the property, but a flare-up a few hours later completed the destruction. The loss was only partly covered by insurance.

P. T. A. Met.

Tuesday last the P. T. A. met at the grammar school auditorium. Mrs. Frank Harmon was in the chair and many matters of interest were transacted although only a few attendance awards recorded. Plans for the entertainment of children at Christmas were taken up and advanced. Excellent support was promised by both the high and grammar school faculties.

Bridge Game Enjoyed.

Mrs. Russel Paterson entertained a number of friends at bridge at her home last week.

Seeking New Members.

Judge D. R. Ward and Don MacMillan, team captains, are making an intensive campaign for members for the Farm Bureau.

Entertained At Dinner.

Mr. and Mrs. Don MacMillan last week entertained Mr. and Mrs. J. N. Keale and Mr. and Mrs. Thos. Geary at dinner. Glorious autumn foliage, yellow candles and lovely chrysanthemums decorated the rooms and table.

BE WARY

Better watch your step two days hence when the hoodoo combination of Friday and 13 are formed to put fear into the hearts of even the stout-hearted. better not walk under a ladder and best retrace your steps if a black cat crosses your path. Friday, the 13th, has occurred already this year — in February. Except for the fact it will provide "copy" for the columnist there is little significance in the occurrence.

CHECKS FOUND

Northwestern Pacific pay checks issued to Jack Erickson and reported to have been taken from Mr. Erickson's pocket were found behind the engine of the speeder of the section crew. Evidently the checks had slipped out of Mr. Erickson's pocket and fallen where found.

Mr. and Mrs. D. E. Mankins and two daughters, Elberta and Lorraine, passed Sunday at the home of Mr. and Mrs. Bunt Bucknell in Sherwood Valley.

SOCIETY AND CLUBS

WILL WED SUNDAY

A lovely floral setting of chrysanthemums and other fall flowers and greenery is being arranged as a background for the exchange of vows. Mrs. Poulos wil be matron of honor and Mr. Poulos best man. Miss Frey will wear an afternoon gown of blue with accessories to match and will carry an arm bouquet of Cecil Brunner roses. Mrs. Poulos will be attired in a delphinium frock and will carry Talisman roses. Following the wedding a breakfast will be served with covers laid for the bridal party and Rev. and Mrs. Doak and daughter, Audrey, of Tulare; Mrs. Mary Frey, of Eureka; Mr. and Mrs. O. E. Hansen, Mr. and Mrs. A. H. Martin.

ON DIXON VISIT

Mr. and Mrs. A. T. Henrich returned Monday evening from a motor trip to Dixon. The local folk and their young son, Richard Herman Henrich, left here Saturday and were guests at the Maurice Foyle home during their stay in Dixon.

MARKERS WILL SOON BE FIXED

Historical Spots Getting Redwood Arches Hereabouts

Mendocino county will receive its first three markers, out of the original assignment of five Redwood miniature arch markers, immediately, according to information made public by the general offices of the Redwood Empire Association. Five markers have been allotted each county for erection at points of natural, scenic and historic interest, the objective of the markers being to lengthen stop-overs of tourists and vacationists within the county, thereby increasing their cash expenditure through all channels of trade in Mendocino county.

To Designate Locations.

This project of marking points of interest in the nine Redwood Empire counties was initiated some years ago by the Redwood Empire Association, and is now being carried into execution by the Chamber of Commerce Unit of the Association, headed by Stanley H. Jones, of Petaluma, president of the unit, L. J. Peterson, of Petaluma, being chairman of the special markers committee. The markers themselves are being financed by the association's general budget. The Chambers of Commerce of Mendocino county has designated the points to be marked, only three markers being erected at this time. The northern Mendocino county marker is to be erected later when a trip is to be made to Humboldt, Del Norte and Josephine counties.

Where They Will Be.

Two markers will be erected right away at the northwest gore of interesection of the Redwood and McDonald-to-the-Sea Highways, one marker indicating directions to Anderson Valley and the Coast sections, the other indicating the Redwood Highway and valley section. Another marker will be erected at the intersection of the Redwood and the Tahoe-Clear Lake-Ukiah Highways, indicating direction and the mileage to Eel river dam, state fish hatchery and Lake county. The third marker will be erected at the intersection of the Point Arena Light road with the Shoreline Highway, giving directions and mileage to the Point Arena Light. Later a marker is to be erected at Black Bart Rock, near Willits. The fifth marker is yet to be named by the Fort Bragg and Mendocino and coast section.

FOUND THE COAST FOGGY

E. W. James, local manager for the California State Automobile Association, made a business visit to the Mendocino coast Friday, going by way of Boonville and returning by way of Fort Bragg, Mendocino and Orr's Hot Springs. Although the interior was enjoying warm sunshiny weather a heavy fog obscured part of the coast, according to the local business man.

WANTS A MACHINE

Mrs. T. M. Cleland, chairman of the emergency relief committee of the city, is seeking the loan of a sewing machine for a few weeks. The machine is greatly needed for repairing and making over garments for needy this winter and will be returned in good condition.

IN SUNNY SOUTH

Attorney and Mrs. J. W. Kingren and Mrs. Fannie White are passing a fortnight in Los Angeles where Mrs. White is a guest of her cousin, the former Kate Bartlett, and the local attorney and his wife are guests at the Hotel Biltmore. While in the south Mr. Kingren will attend the state inheritance tax convention.

TEACHERS DINE

The November dinner meeting of the Ukiah elementary school teachers was held Tuesday evening of last week at the Rainbow Cafe. Mrs. Terrill Duncan and Miss Evelyn Deltorchio formed the committee of arrangements for the service, which is purely social in nature.

Visit Cecille Flower Shop and see Mrs. Hunt's choice chrysanthemums. Prices range from 35 cents to $3.00 per dozen; lovely fresh blooms, all shades. 24-1c

The contest is being participated in by 1400 Shell Oil dealers.

Mendocino County Is After Marin's Deer

Acting on the assurance "Mendocino county wants all the deer it can get" preparations are being made to trap and remove herds of deer from the game refuges of Marin county and transport them to Mendocino county. The action to remove the deer came after a meeting in San Rafael in which city dwellers and irate farmers of three counties met and sought to find a way to avoid deer depredations. It is said here the deer will be placed at a safe distance from the products of ranchers to insure no annoyance in that respect.

ABOUT RECOVERED

Jack Smith, after having been quite sick at his home here, was so much better this week as to be able to be about, but is not yet sufficiently recovered to be able to resume his work with Frank La Porte & Son.

WERE ON KLAMATH

Dr. and Mrs. L. K. Van Allen are home after a from-Wednesday-to-Sunday visit at their summer home on the Klamath river.

Mr. and Mrs. W. G. Poage, of Princeton, former local residents, were visiting relatives of Mrs. Poage at Healdsburg last week. Mr. Poage, who served Mendocino county as district attorney, is a brother of Mrs. W. D. L. Held.

Mrs. P. W. Handy is passing a fortnight at Petaluma with her daughter, Mrs. H. A. Jepsen, and family.

POISON
in Your bowels!

Poisons absorbed into the system from souring waste in the bowels, cause that headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to people of all ages. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstores sell.

WOODLAND MAN WAS DROWNED

Arthur Hill, Fishing At Archer Bay, Washed Out To Sea

(Special Correspondence of The Press)

POINT ARENA, Nov. 11.—Oil well operations were shut down Saturday and the company laid off all single men. Some of the married men have been let out since and others are engaged drilling 30-foot prospect holes in different places on company-leased ground, apparently looking for a location for the next well.

Gave Oil To City.

Considerable oil that had been used around the well for one purpose or another and that was stored in a sump was given the city of Point Arena and Wednesday, Thursday and Friday the city had a crew of men and a fleet of trucks busily engaged oiling Main street, from the lower Port Road to the top of the hill. Two coats of hot oil was put on and sand sprinkled on each and Main street now looks better than it smells. We hope the job stands up under traffic. Thanks of the entire community is due the Twin State Oil Company for its generosity in not only giving this oil to the city but heating it as well.

Napans Are Arrivals.

Mr. and Mrs. Sheridan Archer came over from Napa and have moved on to the Courtney Kendall ranch, north of Manchester, formerly rented to Clarence Collver.

Theatre Closed.

Arena Theatre has closed for a period of time. This is to be regretted as one misses the good shows given and anxiously await the reopening.

John Knudsen visited friends in Fort Bragg Sunday.

Johnny Allison left Tuesday for Santa Barbara, where he has secured a position in an oil well.

Improving His Flock.

W. I. Newcomb, of Fish Rock, recently purchased four registered Shropshire ewes from Oeste Brothers, Davis. These ewes are beauties and make a valuable addition to Mr. Newcomb's flock.

Leland Drew, agricultural instructor at the high school, accompanied by Elmer Galletti, Charles Bishop, Fred Deltorchio and Kenneth Walker, took in the Junior Livestock and Baby Beef Show in San Francisco last week. The boys saw some fine stock and enjoyed the trip.

Arnold Lepori and Mrs. A. L. McCallum were in San Francisco early last weeek visiting their mother, who is sick there.

Bought Many Calves.

Pete Bianchi was up from Sonoma county the past week buying calves. He secured about 50 head which he trucked home and they will be raised for dairy purposes. The dairymen of Sonoma county are trying to eradicate tuberculosis in their herds and they know where to come for clean stock. The practice of selling heifer calves for $5 or $10 each may be penny wise and pound foolish as each sale of a calf automatically checks the potential sale of a cow at $75 or $100 two or three years hence. Give that a thought Mr. Dairyman.

No Damage Done.

Hallowe'en passed without anything more serious than the usual shifting of gates, scattering woodpiles and decorating windows with parafine. The young must have their fun and as long as no destructive pranks are indulged in we older heads may just as well enjoy it with them. I sometimes wonder what our opinions of the younger generation would be if they did as we did when we were young!

Fast Work Accomplished.

Tock Brothers went to Steward's Point Wednesday to do some plowing with their tractor for the Richardsons. They ran day and night and it did not take them long to turn some sod.

Wm. Pierce, of Anchor Bay, transacted business in Santa Rosa Tuesday.

Jas. Biaggi drove to San Francisco early in the week and brought home his wife and infant daughter, Sharon Christine, who is to be the new boss of the ranch.

Market Disposed Of.

Leroy Woodhead has sold the Point Arena Meat Market to Henry Galletti, who will take over the business December 1.

A Bad Start.

Floyd Beebe recently got a trained varmint dog from somewhere in the valley. Mr. Beebe loaned the dog to John Moungovan to run some wildcats that were living near the Moungovan ranch. When the hound was turned loose it was only a few minutes until he "gave tongue" and Mr. Moungovan thought to get good service from him. It turned out later he had struck a sheep trail and had killed and partly eaten two sheep before he could be stopped. Some dog!

Fog Helped Grass.

The very foggy weather that has prevailed ever since our rains has been just what the doctor ordered and, as a result, grass has gotten a fine start and unless very cold weather comes the winter should be excellent for stockmen along the coast. The hills are all green, which is a condition that has not prevailed at this time for a number of years.

Panther Is Prowling.

The tracks of a large panther have been seen in Brushy Opening recently.

Norman McLaughlin, at one time Point Arena boy, was up from San Francisco Wednesday fishing in the Garcia and landed two nice salmon.

Woodland Man Drowns.

Arthur Hill, from Woodland, drowned in the surf at Archer Bay, about four o'clock Saturday afternoon. Mr. Hill, who was an expert swimmer, together with his wife, was fishing off the rocks when a large wave washed him off. He must have been knocked unconscious as he made no effort to take a fish line his wife threw him. The Coast Guard responded to a call and, although they have patroled the beach and rowed all around the bay Captain H. H. Horton reports no trace has been found of the body.

Misses Katherine Prather and Eva Wilkins, of Anderson Valley, were shopping in town several hours Monday.

Mr. and Mrs. W. J. Broaddus and children, of Oakland, were weekend guests with Mrs. Louella Redemeyer, mother of Mrs. Broaddus.

INVESTIGATING CASES

The Society for the Prevention of Cruelty to Animals met Monday evening, November 2, in regular monthly session at the City hall. A number of investigations in regard to abandonment of animals was made and the animals taken care of. George Vevoda, president, conducted the meeting.

School Contingent Is On Its Way To Eureka

A laughing, jubilant, group of Santa Rosa junior college students passed through this city Friday at noon aboard a Northwestern Pacific train enroute to Eureka to play the Humboldt State Teachers College in the final game of the season. The 35 gridders were scheduled to win, which did not decrease their enthusiasm.

TO WHOM IT MAY CONCERN

Please take notice that I, C. H. Marshall, convicted of the crime of second degree murder in the superior court of the County of Mendocino, State of California, and sentenced by said court on the 9th day of June, 1921, to serve ten years to life in the California State Prison at San Quentin, will apply to His Excellency, James Rolph Jr., Governor of the State of California, for a pardon or commutation of sentence.

Dated this 2nd day of November, 1931.

CLEVELAND H. MARSHALL.

HALT TRUCKS WITH OVERLOAD

Traffic Officer Catches Two Offenders On McDonald Road

Under cover of darkness truck drivers have been able to "beat" the ruling that forbids loads of more than 6000 tons from crossing bridges on the McDonald-to-the-Sea Highway owing to the fact the bridges are of wooden construction.

Two Were Caught.

Thursday evening, learning of the practice of evading the law, Traffic Captain R. S. Ryder sought a secluded spot near one of the bridges on the Prather ranch, eight miles west of the intersection of the Redwood and McDonald Highways, and apprehended J. P. Ornbaun, of Manchester, enroute to the coast city with a 7050-pound overload of grain. The driver was forced to unload the surplus. Shortly afterward another truck, driven by Ray Willis, of Fort Bragg and loaded with an air compressor for T. C. Connolly, contractor on a sea wall on the Mendocino coast, who was made to wait for a permit after the machinery was found to weigh 7-600 pounds over legal weight. In emergencies, Captain Ryder explains, permits are issued and the truck drivers take the responsibility for accidents, if the wooden structures give away. Otherwise the county may be held responsible if trucks are wrecked.

Sonoma Man Sued For Damages In Car Wreck

Attorney W. D. L. Held, of this city, is associated with Herbert V. Keeling, of Lakeport, as counsel for W. T. Seymour, prominent Lakeport resident, who has filed suit in the Lake county court against W. S. Liddle, of Sonoma county, for $10,000 damages as the result of injuries received in an automobile collision on the Hopland-Lakeport grade last summer.

Mr. and Mrs. James Holland are planning a motor trip to San Francisco this week-end.

Mr. and Mrs. N. J. Kvale, of Hopland, were in town Monday a few hours.

J. C. Philbrick arrived Monday from Comptche to attend the meeting of the grand jury.

Dana Gray, prominent Fort Bragg citizen, is here on official matters.
